

## What's In and What's Out In Health Care Reform; What Every Attorney Should Know About Health Law

**Discuss the current tenor in Washington, D.C., with regard to new developments in health care reform legislation, including the efforts to repeal and replace the Affordable Care Act. Provide a broad overview of health law, discussing situations in which health law intersects with other practice areas. Topics include the Stark Law, the federal anti-kickback statute, HIPAA, credentialing and licensing issues, and reporting obligations.**

Embassy Suites, La Vista  
10.11.2017  
9:00 a.m.

Event Sponsor: Nebraska State Bar Association

Colleen Medill will discuss the current tenor in Washington, D.C., with regard to new developments in health care reform legislation, including the efforts to repeal and replace the Affordable Care Act. Rick Vroman will provide a broad overview of health law, discussing situations in which health law intersects with other practice areas. Topics include the Stark Law, the federal anti-kickback statute, HIPAA, credentialing and licensing issues, and reporting obligations.
