

## Webinar: New Guidance on COVID-19's Interactions with Employment Laws

**Our webinar discussed COVID-related regulatory updates on common issues faced by employers, such as employee testing and accommodation requests.**

07.01.2020  
1:00 PM

As communities continue to open up and employers move closer to resuming full operations, it is crucial for management to be aware of the latest guidance on COVID related matters. It is particularly important for employers who may have established return to work guidelines before the most recent regulatory guidance had been issued.

Aly and John updated employers on COVID related regulatory updates on common issues faced by employers, such as employee testing and accommodation requests.
